

## Optoma 3 Year Limited Lamp Warranty

### Optoma 3 year limited lamp warranty

This document details the Terms and Conditions for the Optoma 3 year extended lamp warranty as applied to an Optoma projector product sold in: UK, Ireland, Germany, Denmark, Austria, France, Benelux, Spain, Portugal, Italy, Switzerland, Poland, Czech Republic, Slovakia, Hungary, Sweden, Norway, Finland, Ukraine, Belarus, Russia, Turkey and South Africa

Optoma products sourced outside of these regions are not covered by this warranty.

Optoma Europe Ltd and affiliated companies (collectively referred to as "Optoma") provides this Lamp Warranty to you being the purchaser of an Optoma 3 year or 2500 hours, whichever is sooner, extended Lamp Warranty ("Lamp Warranty") to cover an end-user replaceable, high pressure gas discharge lamp module ("Lamp") that was supplied fitted to an Optoma projector product ("Projector").

This Lamp Warranty applies exclusively to complete failure of the Lamp and is not applicable to normal wear and tear such as reduced brightness over time.

This Lamp Warranty applies to Projector models with a lamp power rating of up to and including 280 watts and is limited to 3 years or 2500 hours, whichever is sooner. Please note that the Lamps are designed to have a life of more than 3 years provided that the projector is not frequently used for extended periods and the rated Lamp hours are not significantly exceeded. A list of Projectors to which this Lamp Warranty can be applied is available on the Warranty page in the Support area of the Optoma website: [www.optoma.eu](http://www.optoma.eu).

Optoma warrants to you that during the Lamp Warranty period, Optoma or an Optoma authorised service company will, in a commercially reasonable time, remedy defects in materials, design and workmanship free of charge by repairing or, should Optoma in its discretion deem it necessary, replacing the Lamp in accordance with this Lamp Warranty (unless otherwise required by law). This Lamp Warranty is only valid and enforceable in the country where you have purchased the Lamp Warranty provided that Optoma has intended the Lamp Warranty is for sale in that country and applies only to the Lamp Warranty distributed by Optoma or its authorised dealers. Optoma will process each valid claim as quickly as possible within the constraints of their operational procedures. Optoma shall not be held responsible or liable for any loss, consequential or otherwise, howsoever caused due to any delay whatsoever in the supply of a replacement lamp under this Lamp Warranty.

### Warranty period

The Lamp Warranty period starts at the time of the Projectors original purchase by the first end-user. The total Lamp Warranty period is 3 years or 2500 hours, whichever is sooner.

Optoma reserve the right to limit the purchaser to 1 replacement lamp claim under this Lamp Warranty.

This Lamp Warranty replaces any lamp warranty terms or warranty period in the Optoma's limited warranty document applicable to the original Projector product. The period of this Lamp Warranty is not in addition to the original warranty period.

The Lamp Warranty period will not be extended or renewed or otherwise affected due to:

1. Subsequent resale; or
2. Optoma authorised repair; or
3. Optoma authorised replacement of the Projector

### Activating the Lamp Warranty

The Lamp Warranty must be activated to be valid. Purchasing the Lamp Warranty does not automatically activate the Lamp Warranty; activation is a separate process. To activate the warranty you will need to visit the Warranty page on the Support area of the Optoma website. [www.optoma.eu](http://www.optoma.eu)

### How to get warranty service

Lamp Warranty service is subject to you notifying an Optoma authorised service company of the alleged lamp issue within one (1) month of it having come to your attention and in any event no later than before the expiry of the Lamp Warranty Period. To notify an Optoma authorised service company use the contact details for the Optoma Service Centres as listed on the Support area of the Optoma website: [www.optoma.eu](http://www.optoma.eu)

When making a claim under this Lamp Warranty you will be required to provide:

1. The Projector, the failed Lamp and the Lamp Warranty card associated with the projector
2. The original proof of purchase of the Lamp Warranty and the Projector, which clearly indicates the name and address of the seller, the date and place of purchase, the product type and the serial number of both the Lamp Warranty and the Projector product

If Optoma deems warranty replacement of the Lamp is required, Optoma will issue a Return Material Authorisation (RMA) number and provide an RMA form. You must submit this form, adequately completed, to an authorised Optoma Service Centre.. Authorised Optoma Service Centres are listed on the Support area of the Optoma website: [www.optoma.eu](http://www.optoma.eu)

You must ship the Projector and Lamp back to Optoma in the original or equivalent packaging, prepay shipping charges and insure the shipment or accept the risk of loss or damage during shipment. On receipt, Optoma will test the defective lamp and if it is deemed to be faulty, Optoma will dispose of the lamp in an environmentally friendly manner and will ship the replacement Lamp to you freight prepaid.

## What is not covered?

1. This Limited Warranty does not cover a) defects caused by rough handling (including, without limitation, defects caused by sharp items, by bending, compressing or dropping, etc.), or b) defects or damage caused by misuse of the Projector, including use that is contrary to the instructions provided by Optoma (e.g. as set out in the Projector user manual) and/or c) other acts beyond the reasonable control of Optoma.
2. This Limited Warranty is not enforceable if the Projector or Lamp has been opened, modified or repaired by anyone other than an authorised service centre, if it is repaired using unauthorised spare parts or if the Projector or Lamp's serial number, the Projector, Lamp or accessory date code has been removed, erased, defaced, altered or are illegible in any way and this shall be determined at the sole discretion of Optoma.
3. This Lamp Warranty is not enforceable if the Projector or Lamp has been exposed to moisture, to dampness or to extreme thermal or environmental conditions or to rapid changes in such conditions, to corrosion, to oxidation, to spillage of food or liquid or to influence from chemical products.
4. This Lamp Warranty is not enforceable if a Projector has been intensively used. Normal use of a Projector is defined as a maximum usage time of 6 hours per 24 hour period. A usage higher than 6 hours per 24 hour period will not be covered by the Lamp Warranty. Some Projectors are covered by a "24/7" guarantee. These Projectors are excluded from this Lamp Warranty.
5. This Lamp Warranty is not enforceable if the Projector is operated in an excessively dirty or dusty environment or if it has not been regularly maintained to keep the air intakes free of obstruction
6. This Lamp Warranty is not enforceable if the Projector is shut down incorrectly thereby not allowing the Projector to be shut down in a predetermined, controlled manner
7. This Lamp Warranty is not enforceable if damage was caused by negligence or failing to carry out appropriate maintenance by the buyer, his customer, the end user, or in case of an act of God, natural occurrences or during transport.

## Other important notices

All parts of the Lamp or other equipment that Optoma has replaced shall become the property of Optoma. If the Lamp is found not to be covered by the terms and conditions of this Lamp Warranty, Optoma and its authorised service companies reserve the right to charge a handling fee.

Statutory Rights - Optoma makes no other Lamp Warranty, guarantee or like statement other than as explicitly stated above and this Lamp Warranty is given in place of all other Lamp Warranties whatsoever, to the fullest extent permitted by law.

In the absence of applicable legislation, this Lamp Warranty will be the end user's sole and exclusive remedy against Optoma and Optoma shall not under any circumstances be liable, either expressly or impliedly, for any other indirect or consequential loss arising from negligence, breach of contract, or howsoever.

This Lamp Warranty does not impair or affect mandatory statutory rights of the end user against and/or any rights resulting from other contracts concluded by the end user with Optoma and/or any other seller.

Optoma is not responsible or liable for any technical, projector, software, server, website or other failures or damage of any kind to the extent that this prevents the participant from, or otherwise obstructs in, participating in the Lamp Warranty

Optoma shall at all times adhere to the Data Protection Act 1998 when processing any personal data received pursuant to this Lamp Warranty. Please note that during the electronic registration you will be asked for permission for your data to be used by Optoma for marketing purposes.

Optoma reserves the right to audit all claims to ensure that these terms and conditions have been met and to request additional information or supporting documents regarding any claims.

Optoma reserves the right, at its absolute discretion, to determine the validity of any Lamp Warranty claim. Optoma's decision will be final.

The user is advised that Projector lamps are classed as consumable items. Optoma gives no guarantee that the expected life will always be achieved

**Limitation of Liability** - It is understood and agreed that Optoma's liability whether in contract, in tort, under any warranty, in negligence or otherwise shall not exceed the return of the amount of the purchase price paid by the purchaser and under no circumstances shall Optoma be liable for special, indirect, incidental or consequential damages or lost profits, lost revenues or lost savings. The price stated for the products is a consideration in limiting Optoma's liability.

**Transfer of Warranty** - Should a Projector with this associated Lamp Warranty be sold on by the original owner, the balance of the Lamp Warranty may be transferred to the new user provided that the original purchase documents are transferred to the new user also. This is necessary to show that the Lamp is within its Lamp Warranty period.
