

AS424C Paper Shredder

The first thing to notice about the AS424C is its size, it is much smaller than most shredders and is designed for use on a desk. The small size allows for great space saving, portability and easy storage. The shredder has a 4 sheet capacity and cross cuts documents into small 5 x 47mm particles, it can also shred a single credit card at a time, and if small paper clips or staples find their way into the shredder it will shred these too. The 5 litre bin will contain around 40 sheets before it needs emptying and is transparent so you can view its contents. The shredder itself has a handle for easy removal, auto mode for shredding, a reverse option for clearing any jams, safety cut outs prevent accidental operation, and thermal cut outs protect the shredder from overheating.

- 4 Sheet cross cut shredder
- Space saving design
- Shred size 5 x 47mm
- Security Level P3
- 5 Litre transparent waste bin
- Shreds credit cards
- Overheat and safety protection

Cross cuts credit cards

Security Level P3

Space saving tabletop design

Special Features

The AS424C will securely destroy one credit card at a time by cross cutting it into small pieces

An easy to empty waste bin with a light lift off top and a convenient carry handle

An A4 sheet needs folding in half lengthways to fit in the shredder, the capacity is 4 sheets folded in half.

Transparent waste bin so you can see when it is full and requires emptying

Technical Specifications

Weight (Kg)	2.6	11.6	40' – 3696 units
Barcode	6925781424064	6925781424132	40'H – 4224 units

Maintenance

In order to keep a shredder in optimal working condition it is necessary to carry out regular maintenance. The Aurora AS424C should be regularly oiled using a suitable shredder oil in order to keep the blades lubricated and clean. We recommend oiling your shredder at least once a month to maintain your shredder and prolong its working life.

DO NOT USE AEROSOL PRODUCTS!
