HL-4000 Series

High speed, business class colour laser printers.

HL-4040CN | HL-4050CDN | HL-4070CDW

The HL-4000 colour laser printer range from Brother will transform your business. From mono and colour print speeds that will deliver real time-savings, to the application of cost efficient printing technologies that will make a significant difference to your bottom line, each of these machines are a real business asset. And to suit a variety of requirements each of these compact, stylish machines are designed to be easy-to-use whether you're printing direct from a USB memory stick, (which eliminates the need to use a PC) or replacing consumables.

HL-4040CN High speed, network ready colour laser printer

The HL-4040CN can print up to **20ppm in mono and colour** and thanks to Brother's single pass print technology, where the paper collects the ink in one pass through the printer, this increased speed doesn't come with a hefty price tag.

It's also one of the safest printers in its class, thanks to Secure Socket Layer (SSL), ensuring that unsecured data passing over the network cannot be accessed by other users.

Easy-to-Use

The 3 colour LCD display ensures that at a glance printer status is quick and easy to see.

Direct USB Printing

Printing of index shots, images or files direct from a USB memory stick is now a reality. A very quick and easy way to print. (File formats PDF, JPEG, TIFF)

PictBridge Direct Photo Printing

Using the built-in Pictbridge interface pictures can be printed from your camera saving time on downloads, editing and printing.

KEY FEATURES

- Up to 20ppm colour & mono print speed
- Built-in network connectivity
- Up to 2,400 x 600dpi print resolution
- Up to 250 sheet standard paper capacity and 50 sheet MP tray
- **Print directly from a digital PictBridge camera**
- **Print directly from USB flash memory drive**

HL-4050CDN

Automatic duplex high speed network ready colour laser printer

With duplex printing as standard the HL-4050CDN delivers double sided output quickly and easily making it ideal for producing professional booklets, reports and presentations.

The HL-4050CDN shares all the features of the HL-4040CN but with the added benefit of fully automatic duplex. By printing on both sides of the paper you can produce professional double sided documents, whilst enhancing your environmental credentials and could cut your paper usage and costs by up to 50%.

FEATURES AS HL-4040CN PLUS:

- Automatic colour & mono duplex (double-sided) printing
- Optional 500 sheet paper tray

HL-4070CDW

The only wireless network colour laser printer on the market

Our unique built-in wireless networking gives you a totally flexible network solution for your users, without the need for messy cables and wires.

The same incredible performance as the HL-4050CDN with network connectivity as standard, and the option of wireless connectivity allows users to send documents to the printer wherever they are in the building. And with our new colour innovation we offer improved security by supporting WEP, LEAP and WPA2-PSK (AES) security protocols. This ensures that information passing over the network can't be accessed by other users and provides you with total peace of mind for your sensitive documents.

AS PER THE HL-4050CDN PLUS:

- Wireless printing

Brother's innovative arrangement of toners and drums can be accessed from the front of the machine. This allows fast, efficient and easy toner and drum replacement.

All Brother mono colour laser printers come complete with 12 months on-site warranty, upon registration.

For best results always use original Brother consumables to guarantee the best in high performance colour laser printing for your business.
