C5550 MFP

The productive, cost effective way to print, copy, scan and fax

The C5550 MFP is a truly integrated 4-in-1 color and mono machine that can print, copy, scan and fax. It will satisfy today's high-volume office demands, and bring extra productivity, capability and cost-savings to an operation. This is the latest in a long line of proven MFP products from OKI Printing Solutions. It is perfect for small, busy workgroups of up to ten users, delivering fast, efficient A4 color, along with true multifunctionality and real value for money. The C5550. The MFP designed to enhance the pace and professionalism of business.

QUICK OVERVIEW

1-10 USERS

HIGH PRINT SPEED
Fastest-in-class copy and print speeds up to 32ppm

RANGE OF MEDIA HANDLING
Excellent paper handling, across a wide range of media, formats and volumes

HIGH DEFINITION TONER
Deeper color, finer detail, high gloss feel for professional results

PRODUCTIVITY
Network ready for quick set up. Duty cycle of 60,000 pages per month

LOW RUNNING COSTS
Large, high volume toners reduce running costs and user intervention

Handles busy workloads
Extends capability and professionalism
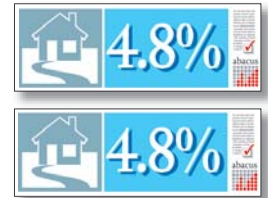

Spreadsheets, balance sheets and presentations

ALL ROUND PERFORMANCE
Exceptional value, multifunctional product

- Offers the fastest copy and print speeds in its price range – 20ppm color and class-leading 32ppm mono
- Increased productivity through fast time to first print and copy speed
- Combination of ProQ2400 Multi-level technology and microfine High Definition Toner ensures superior output quality
- 256MB memory handles greater volumes and more users

VERSATILE
More functionality. More productivity. More power to business

- Print everything from business cards and CD labels to 1.2m long banners and heavyweight media up to 203gsm
- Large capacity consumables minimize user intervention for greater productivity
- Optional automatic duplex delivers double-sided printing and reduces paper costs
- Analogue fax with PSTN connection
- Scan to e-mail, FTP and CIFS directly

IMPRESSIVE OUTPUT
High quality color documents for a better impression

- Excellent print and copy quality, due to ProQ2400 Multi-level technology and microfine High Definition Toner
- Versatile media handling and Template Manager 2006 software enables a host of documents to be produced in-house – from booklets and business cards to 1.2m long banners
- More professional results create a more professional business impression
- Photo Enhance enables printing of impressively sharp, photo-like pictures on ordinary office paper and Auto Color Balance ensures consistent results

RELIABLE
The dependable C5550 MFP keeps the work flowing

- High print volume of up to 60,000 pages per month
- Single-pass digital LED technology offers smoother paper handling across a wide range of weights and sizes
- The straight paper path minimizes the need for user attention and maintains the workflow
- Pan European on-site warranty for added peace of mind

EASY TO CONTROL
Handle the network. Manage the costs

- Set-up utility eases the work of installing on the network
- PrintSuperVision allows remote monitoring of all network printers by administrators to track consumables use and check toner status
- Print Control enables network administrators to manage color usage, set limits and keep costs in check

EASY TO USE
Simple to install. Even easier to operate

- 'Copy key' for one touch color and mono copying
- Fax speed dial keys for faster, easier faxing
- Compact, ergonomic design takes up less office and desktop space
- Web Print simplifies web-page printing by adjusting text and images to fit on the page

SCAN TO NETWORK
Direct network scanning

With the C5550 MFP, it is possible to scan directly to the network without the need for additional software or a locally attached PC. Simply scan straight to the selected locations, which may be an e-mail address, shared directory on the network or an FTP site.

HIGH DEFINITION COLOR

Technology without equal. Printing without effort

High Definition Color is OKI Printing Solutions' own unique collection of market defining hardware and software technologies. Together, these components deliver unsurpassed color printing... simply, intelligently, perfectly.

As the specialists in business printing solutions and leaders in color printing, we can be trusted to deliver. Great color starts with OKI Printing Solutions.

UTILITY SUITE

Unlock printing power and maintain business control

The C5550 MFP Utility Suite is a unique set of software designed to help users get the most out of their investment. Below are some of the advanced utilities that deliver increased printing power and management control. For a complete list of utilities refer to the product specification table overleaf.

PrintSuperVision

This system allows IT support staff to monitor all business printers within the firewall, regardless of printer make. Access is given to networked printer data for monitoring, reporting and managing networked printers in real-time. The user interface is via a standard web browser and no additional software is required.

Print Control

Print Control is a job accounting and reporting program which enables network administrators to track printer usage and control costs. This easy to use utility captures details such as number of printouts, whether color or mono, the paper type and size and the consumables used. Printer access can be restricted to authorized individuals or groups, and pre-defined cost limits can be set, denying further access once these print limits have been reached.

Scanning Tools

PaperPort® software assists in the storing and organizing of exact copies of scanned documents and photos on the computer. Scan, annotate and e-mail documents and photos in a format that everyone can view and print.

Omnipage® software allows hard copies to be scanned and turned into editable text documents, such as Microsoft® Word, quickly, easily and accurately.

Template Manager 2006 and Ask OKI

This powerful software program makes life easier in the office by providing ready-made templates for many kinds of stationery and promotional materials such as labels, business cards, banners and CD/DVD labeling. The unique Editing Suite allows the freedom to create new templates for specific media or vertical industry specific documents and to make it even easier the software automatically matches the document with the correct media.
These templates can also be shared across networks for design/brand consistency. And, with Ask OKI, help is close at hand delivering advice, hints and tips on how users can optimize the use of the C5550 MFP.

THE C5550 MFP FEATURES AT A GLANCE

Feature	C5550 MFP
A4 Print speed	Color 20ppm / Mono 32ppm
Time to first print	Color 9 seconds / Mono 8 seconds
Print resolution	ProQ2400, 1200 x 600 dpi
Printer language	PCL/PS

	Hard Disk Drive	Optional (01184501)
	Second tray	Optional (43347609)
	Cabinet	Optional (09004619)

Consumables Information: For the protection of your printer, and in order to ensure that you benefit from its full functionality, this model has been designed to operate only with genuine OKI Printing Solutions toner cartridges. These can be identified by the Oki trademark. Any other toner cartridge may not operate at all, even if it is described as "compatible", and if it does work, your printer's performance and print quality may be degraded.
