LEXMARKTM

Print Less. Save More.

Print less? This may seem like a surprising message for a company dedicated solely to printing. But when you consider that businesses spend, on average, up to 6% of their revenue on printing and active print management can cut office print costs by up to 30%¹, it makes a lot of sense. Lexmark products, solutions and services provide innovative ways to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

¹ Source: InfoTrends/CapVentures, Network Document Solutions Forecast 2007-2012, Network Document Solutions Consulting Service, August 2008

The Lexmark C730 Series gives you total confidence in colour printing, delivering excellent colour quality, fast print speeds and business-class reliability to keep up with all your high-volume needs. Designed for large and mid-sized workgroups in busy office environments, these printers fit easily on your desktop or in a small workstation and offer a wealth of big-business benefits, including tremendous input capacity, paper-saving duplex printing and much more.

Colour that counts

Why not eliminate the time and expense so often involved in outsourcing colour print jobs? With dazzling Lexmark colour, you can produce high-impact documents in-house. Plus, you benefit from a complete range of colour-access and control tools to ensure your workgroup is printing efficiently and intelligently.

- Produce stunning graphics and images with Lexmark's advanced colour laser toner formula
- Achieve consistent colour tones with professional Pantone calibration
- Promote responsible colour-printing practices with a range of cost-control tools
- Smart technology conserves colour toner when printing multiple black-only pages

Ready for any print run

With its extra-large paper-input capacity and flexible media support, the Lexmark C730 Series is ready for all your high-volume jobs, ensuring you less intervention and enhanced productivity. You can also print on a wide range of paper types, from envelopes and labels to card stock.

- The Specialty Media Drawer offers added versatility to load large stacks of diverse paper types
- Add up to three stackable drawers to boost your input capacity up to 3,750 sheets
- Enjoy reliable printing thanks to the smooth paper feed
- Choose from various pre-configured models, including paper-saving duplex, extra input and built-in Wi-Fi

A reliable office partner

Maximise your uptime and enjoy fast, reliable, stress-free printing. Boasting a rock-solid design, advanced functionality and security, Lexmark C730 Series printers feature sophisticated intelligence that makes them easy to install.

- Robust design, engineered especially for high-volume print runs
- New, enhanced security features for controlling access, tracking activity and preventing misuse
- Easy administration and programmable supplies alerts ensure timely availability
- Offers a worry-free 1-year onsite guarantee plus extended service options

Eco-responsible printing

Printing responsibly means everyone wins – your business, your budget and the environment! Lexmark C730 Series printers are eco-designed and come with a vast range of features to help you print greener at every level.

- Duplex-printing models let you save paper waste and costs
- Instant-warm-up fuser and Eco-Mode reduce power consumption
- Quiet Mode setting allows ultra-quiet operation
- Recycle your empty toner cartridges free of charge through the Lexmark Cartridge Collection Program

Lexmark C730 Series

Explore the features that keep you moving

Secure PIN release

Use the alphanumeric pad to ensure confidential jobs stay in the right hands

Direct USB

Front-side USB port for convenient walk-up printing of PDF brochures, reports and other image files

User-friendly display

The tiltable operator panel with 4-line graphical display offers intuitive visuals for simple operation

Low intervention

High-capacity cartridges deliver thousands of pages before replacement is needed

Expandable input

Load multiple paper types and boost your total capacity up to 4,300 sheets

Wireless freedom

Break free from cables with the Lexmark C734dw, a Wi-Fi CERTIFIED 802.11n draft 2.0 wireless printer

What can great colour do for you?

A little colour can go a long way!

Studies consistently show that colour enhances communication both internally and externally. It improves readability, comprehension and brand recognition. And it simplifies buying decisions by helping customers cut through the clutter of competing messages.

Colour can bring added value to all areas of your business, from marketing and communication to real estate and finance. A 2007 InfoTrends study shows that invoices produced in colour improve payment response by almost 30%, and customers are more likely to pay the full amount!

So today the question is no longer, can you benefit from colour? The question is, how can you BEST benefit from colour? The Lexmark C730 Series delivers the answer.

Going far beyond quality, these high-powered partners offer you the tools and technology you need to save time, lower costs and print more responsibly for the environment – in colour!

Lexmark C730 Series

The Productivity Checklist If you've got all these, then you've got a Lexmark!

Instant warm up

With Lexmark's instant-warm-up fuser, your printer will be racing through documents in the time it takes many other printers even to wake up. In addition to getting your print jobs in your hands faster – just seconds from a cold start – you'll also benefit from increased efficiency. So you save time, energy and money all at once!

Intelligent Job Waiting

One person's setback should never mean a bottleneck for the whole workgroup! Say someone launches a print job that requires labels, but none is loaded. Why lose precious uptime? Lexmark's Job Waiting feature will simply hold that job aside while everyone else goes on working without interruption (hard disk required).

Colour science at work for you

For Lexmark, great colour is more than a marketing promise – it's a serious investment. Our development team is dedicated to delivering breakthrough colour technology that truly enhances the value of your print communications. Lexmark's advanced colour-laser toner formula, combined with new temperature- and humidity-sensing technology, ensures excellent colour reproduction and consistent quality from first page to last, across various media types and work environments.

Cutting-edge security

From network security to user-access restrictions, Lexmark offers you a wide range of features to help protect your valuable data and ensure the integrity of your network. In addition to IPSec, SNMPv3 and 802.11x network security, the Lexmark C730 Series offers an alphanumeric pad for easy PIN authentication, plus encryption and disk wiping to secure your optional hard disk.

Simplified management

Take a load off your IT department. These printers are network-ready and very easy to set up. If you have multiple Lexmark devices installed, the Lexmark Universal Driver offers even easier deployment. Once up and running, on-screen custom messaging makes life simpler too by providing users with crystal-clear information, like 'Toner low, call placed'. What's more, Lexmark MarkVision Professional software provides simplified remote management and automated tools to keep your workday flowing!

Get exactly the performance you need

Lexmark C734n

Colour printing with business-class quality, flexibility and functionality

- Up to 28 ppm print speeds in black and colour
- Fast 600 MHz processor
- 650-sheet standard input, 3,750 maximum
- Prints large banners
- Ships with 4K-page* Black and Colour Lexmark Return Program Toner Cartridges
- Recommended monthly volume: 1,500 to 9,200 pages
- Available models:

Lexmark C736n

More performance, lower cost per page – ideal for higher-volume printing

- Up to 33 ppm print speeds in black and colour
- Powerful 900 MHz processor
- 650-sheet standard input, 4,300 maximum
- Prints extra-large banners
- Ships with 6K-page* Lexmark Return Program Toner Cartridges
- Lexmark High Yield Toner Cartridges available (12K* Black, 10K* Colour)
- Recommended monthly volume: 2,500 to 10,000 pages

Maximum Monthly Duty Cycle

«Maximum Monthly Duty Cycle» is defined as the maximum number of pages a device could deliver in a month. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.

Recommended Monthly Page Volume

«Recommended Monthly Page Volume» is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.

License Terms/Agreement

Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for licensing details
