Curble chair working principal LEVERAGE EFFECT

When sitting on Curble, the support's leverage effect pushes the T-spine naturally to make a correct posture.

We are able to protect your curve on spine

How to use

STEP 01
Place the product 10cm~15cm away from the backrest of a regular chair.

STEP 02
Hold the product with both hands and put your hip seated deep to the end.

STEP 03
Your body weight naturally pushes the waist and corrects your posture.

*Curble posture corrector chair is designed for office or classroom use, not for domestic environments.
