

It's easy to look after your printer. And the environment, too.

Designed to cut costs

To keep printing costs to a minimum, the DCP-375CW uses cleverly designed individual ink cartridges, so you only have to replace the one that's run out. You should always use Brother's state-of-the-art Innobella original inks and papers, too. Then you can be sure of top quality prints time after time, with true, vivid colours from fade-resistant inks and specially coated paper. And to give you extra peace of mind, Brother printers have a 12 month warranty.

Use less energy

With the DCP-375CW you can be sure you're having a minimal impact on the environment. Its low power consumption, minimal noise, non-hazardous materials and recycling-friendly design all make sure it meets renowned Energy Star and Blue Angel environmental standards.

Green and clean

As a company, Brother's environmental and ethical credentials are second to none. All Brother consumables can be recycled for free at our award-winning plant in North Wales. We were even awarded 100 out of 100 by the Ethical Company Organisation for the third year in a row – the only printer manufacturer to achieve this.

And our commitment to the environment now includes sponsoring 4 square kilometres of Amazon rainforest in partnership with Cool Earth, which protects endangered areas to help combat global warming.

Do More

brother
at your side

Now you can enjoy more top-of-the-range features for less.

Everybody loves wireless technology. It gives you the freedom to print from anywhere in your home or office – or share your printer with others. Now this inexpensive, easy-to-use multifunction makes wireless much more affordable. It prints, scans and copies, all in a neat, compact package too. And with high print speeds to save time and excellent print quality to make the most of your photos, it's pretty much perfect for your home or small office.

Quick and easy colour printing

Nobody wants to hang around waiting for their printer. So for letters, reports, or even your holiday snaps, the DCP-375CW prints impressively quickly in colour and black and white. And for lab quality photos, you can adjust skin tones, and eliminate blemishes and red eye with the free FaceFilter software.

Copying at the touch of a button

To save time, you don't need your computer switched on to copy, reduce or enlarge images or even condense multi-page documents onto one sheet (so you save paper, too).

Flexible colour scanning

Scanning is easy and flexible. The DCP-375CW makes light work of scanning bulky bound documents or books, simply place your document on the flat glass surface and choose how you want to scan. For instance, you can scan direct from and to media cards in PDF format or directly to e-mail. There's also the OCR (Optical Character Recognition) feature, which means you can edit pre-printed documents without having to re-type them.

The affordable, wireless colour all-in-one inkjet

Wireless for less. That's what you get from the DCP-375CW. Along with exceptional colour prints, speedy copying and a scanner that's as impressive as most single-function machines.

Network ready out-of-the-box

with a choice of wired and wireless for easy sharing and complete freedom

Save time

with fast 27/33ppm colour/black and white print speed and easy PC-free copying

Better quality photo prints

with up to 6000 x 1200dpi print resolution, built-in photo enhancing and borderless prints (from 6x4" up to A4)

For added convenience

you can print directly from, or scan to media card. You can also scan to email, OCR image, file or media card
