## First-class recording

### with outstanding ergonomics

The PocketMemo voice recorder takes dictation to a new level. Two microphones deliver superior audio quality for your dictations. Its robust yet lightweight stainless steel design offers perfect ergonomics for working over longer periods of time. Power saving features and a high capacity Li-ion battery offer extended recording time and easy charging through a standard USB connection.

#### Superior audio quality and design

- Two microphones for superior stereo audio recordings
- Convenient push-button for professional recording control
- Robust stainless steel casing for extra durability

#### Enhance your productivity

- SpeechExec workflow software for efficient data management
- Large color display and intuitive user interface for easy, convenient operation
- Light sensor and Li-ion battery for extended use

#### Designed for professionals

- Priority setting for getting urgent jobs processed first
- High recording quality in DSS and MP3 format
- Optional docking station and foot pedal for hands-free dictation and transcription even without a computer

# Highlights

## Superior audio quality

The built-in microphones deliver superior stereo audio recordings. The crystal clear recordings are perfectly suitable for speech recognition.

## Professional recording control

The recorder is designed for single-handed operation of all recording and playback functions, allowing easy and quick file editing (insert, overwrite, append) via convenient push-button operation.

## Robust and ergonomic design

The asymmetrical and ergonomic shape fits perfectly into your hand. Its slim and lightweight design maximizes comfort, even when working over longer periods of time. The stainless steel creates a robust and highly durable protective shell around the device. The device is shockproof according to US military standard 516.6.

## SpeechExec workflow software

The SpeechExec Dictate software organizes the workflow of dictation files and resulting documents between author and transcriptionist, and allows you to monitor the status of your work.

## Large color display

The large full-color display offers sharp images, making it easier to see everything at first glance. The clear user interface is optimized for easy, intuitive operation.

## Extended battery life

The high-capacity Li-ion battery can be easily charged through a standard micro USB jack. The integrated light sensor guarantees extended battery life, up to 50% longer than competition. The smart technology adjusts the brightness of the display, ensuring that your recorder will always be ready to work when you are.

## Priority settings

With the included priority setting option, urgent recordings can be processed first. This makes sure important recordings are not overseen and helps you and your transcriptionists manage your workloads better.

## DSS and MP3 recording

The DSS format was developed for the use in digital voice recorders, achieving a high compression ratio with little loss of quality. The DSS format also allows you to store additional information in the file header, which facilitates the organization and the transcription of dictation files. The MP3 format is the common audio format for consumer audio storage, as well as a de facto standard encoding for the transfer and playback on digital audio players.

## Optional docking station

The stable and practical docking station provides speedy charging and automatic transfer of your recordings to your computer. With the optional foot pedal connected, the docking station even enables hands-free recording and transcription without a computer.

# Specifications

## Connectivity

Headphones: 3.5 mm  
Microphone: 3.5 mm  
USB: micro USB 2.0  
Docking connector  
Memory card slot

## Display

Type: color TFT  
Diagonal screen size: 2.4 inches / 6.1 cm  
Resolution: 320 × 240 pixels

## Storage media

Exchangeable memory card  
Memory card types: SD/SDHC, up to 32 GB  
Mass storage class compliant  
Data transfer speed: 6.75 MB/s read speed,  
5.0 MB/s write speed

## Audio recording

Recording format: DSS (Digital Speech Standard), MP3, PCM  
Built-in microphones: 2 omnidirectional microphones for stereo recording  
Recording modes: DSS QP (.ds2/mono), DSS SP (.dss/mono), MP3 (.mp3/stereo), PCM Voice (.wav/mono), PCM Stereo (.wav/stereo)  
Bit rate: 13.7 kbit/s (DSS SP), 28 kbit/s (DSS QP), 192 kbit/s (MP3), 353 kbit/s (PCM Voice), 705 kbit/s (PCM Stereo)  
Edit modes: insert (DSS), overwrite (DSS, MP3, PCM), append (DSS, MP3, PCM)  
Recording time (4 GB memory card): 700 hours (SP), 350 hours (QP), 50 hours (MP3), 27 hours (PCM Voice), 13 hours (PCM Stereo)  
Sample rate: 44.1 kHz (MP3), 22.05 kHz (PCM), 16 kHz (DSS QP), 12 kHz (DSS SP)

## Sound

Speaker type: built-in round, dynamic speaker  
Speaker diameter: 28 mm  
Acoustic frequency response: 300 – 7500 Hz  
Speaker output power: > 200 mW

## Power

Battery type: Philips rechargeable Li-ion battery ACC8100  
Battery capacity: 1000mAh  
Battery lifetime: up to 30 hours of recording (DSS mode)  
Standby time: more than 200 days  
Charging time (full charge): 3 hours

## System requirements for Philips SpeechExec software

Processor: Intel dual core or equivalent AMD processor, 1 GHz or faster processor  
RAM: 2 GB (32 bit)/4 GB (64 bit)  
Hard-disk space: 100 MB for SpeechExec software, 4.5 GB for Microsoft .NET Framework  
Operating system: Windows 10 (64 bit), Windows 8.1/7 (32/64 bit), Windows Server 2012 (64 bit), Windows Server 2008 R2 (32/64 bit)  
Graphics: DirectX-compliant graphics card with hardware acceleration recommended  
Sound: Windows-compatible sound device  
Browser: Internet Explorer 9 or higher, or the current version of Chrome or Firefox  
Free USB port  
Internet connection for required software activation

## Green specifications

Compliant to 2011/65/EU (RoHS)  
Lead-free soldered product

## Operation conditions

Temperature: 5° – 45° C/41° – 113° F  
Humidity: 10 % – 90 %, noncondensing

## Dimensions

Product dimensions (W×D×H):  
53×123×15 mm / 2.1×4.8×0.6 inches  
Weight: 117 g/4.1 oz including battery and memory card

## Package contents

PocketMemo digital voice recorder  
Memory card  
Rechargeable battery  
USB cable  
Pouch  
SpeechExec dictation software  
Quick start guide

## Available accessories

Philips rechargeable Li-ion battery ACC8100  
Philips SDHC memory card ACC9008  
Philips telephone pickup microphone LFH9162  
Philips meeting microphone LFH9172  
Philips docking station ACC8120  
Philips foot pedal LFH2210
