## Voice to text made easy

with superior recording quality

The Philips Dictation and Transcription Set allows you to turn voice into text even quicker than before. The PocketMemo voice recorder combines two microphones for superior audio quality with a robust yet lightweight ergonomic design. Together with the user-friendly software and convenient foot pedal, dictation and transcription has never been easier.

#### Professional recording solution

- Two microphones for superior stereo audio recordings
- High recording quality in DSS and MP3 format
- Convenient push-button for professional recording control
- Robust stainless steel casing for extra durability
- Large color display and intuitive user interface for easy, convenient operation
- Light sensor and Li-ion battery for extended use
- Automatic file download via USB for quick transcription

#### Professional transcription solution

- SpeechExec workflow software for easy data management
- Ergonomic foot pedal for convenient playback control
- Lightweight stereo headphones for enhanced wearing comfort
- Priority information for getting urgent jobs processed first

No 1 in SPS global customer satisfaction survey 09/2017.

# Highlights

## Superior audio quality

The built-in microphones deliver superior stereo audio recordings. The crystal clear recordings are perfectly suitable for speech recognition.

## DSS and MP3 recording

The DSS format was developed for the use in digital voice recorders, achieving a high compression ratio with little loss of quality. The DSS format also allows you to store additional information in the file header, which facilitates the organization and the transcription of dictation files. The MP3 format is the common audio format for consumer audio storage, as well as a de facto standard encoding for the transfer and playback on digital audio players.

## Professional recording control

The recorder is designed for single-handed operation of all recording and playback functions, allowing easy and quick file editing (insert, overwrite, append) via convenient push-button operation.

## Robust and ergonomic design

The asymmetrical and ergonomic shape fits perfectly into your hand. Its slim and lightweight design maximizes comfort, even when working over longer periods of time. The stainless steel creates a robust and highly durable protective shell around the device. The device is shockproof according to US military standard 516.6.

## Large color display

The large full-color display offers sharp images, making it easier to see everything at first glance. The clear user interface is optimized for easy, intuitive operation.

## Extended battery life

The high-capacity Li-ion battery can be easily charged through a standard micro USB jack. The integrated light sensor guarantees extended battery life, up to 50% longer than competition. The smart technology adjusts the brightness of the display, ensuring that your recorder will always be ready to work when you are.

## Automatic download

When plugged in, the PocketMemo Voice Recorder automatically downloads your audio files directly onto the computer.

## SpeechExec workflow software

The SpeechExec Dictate Software organizes the workflow of dictation files and resulting documents between author and transcriptionist, and allows you to monitor the status of your work.

## Priority settings

With the included priority setting option, urgent recordings can be processed first. This makes sure important recordings are not overseen and helps you and your transcriptionists manage your workloads better.

# Highlights

## Ergonomic foot control

The foot control was developed in cooperation with hospital ergonomists and day-to-day power users to ensure a perfectly smooth transcription process with minimal physical strain. Start, pause, rewind and fast-forward audio files with only a slight movement of the foot tip, keeping your hands free for uninterrupted typing. Magnetically controlled contact switches, rugged pedals and a waterproof design make it extremely durable and give the device a very long life.

## Professional stereo headphones

Lightweight under-the-chin-style stereo headphones designed to deliver excellent sound quality, with soft ear cushions for enhanced wearing comfort.

# Specifications

## Connectivity

Headphones: 3.5 mm  
 Microphone: 3.5 mm  
 USB: micro USB 2.0  
 Docking connector  
 Memory card slot

## Display

Type: color TFT  
 Diagonal screen size: 2.4 inches / 6.1 cm  
 Resolution: 320 × 240 pixels

## Storage media

Exchangeable memory card  
 Memory card types: SD/SDHC, up to 32 GB  
 Mass storage class compliant  
 Data transfer speed: 6.75 MB/s read speed, 5.0 MB/s write speed

## Audio recording

Recording format: DSS (Digital Speech Standard), MP3, PCM  
 Built-in microphones: 2 omnidirectional microphones for stereo recording  
 Recording modes: DSS QP (.ds2/mono), DSS SP (.dss/mono), MP3 (.mp3/stereo), PCM Voice (.wav/mono), PCM Stereo (.wav/stereo)  
 Bit rate: 13.7 kbit/s (DSS SP), 28 kbit/s (DSS QP), 192 kbit/s (MP3), 353 kbit/s (PCM Voice), 705 kbit/s (PCM Stereo)  
 Edit modes: insert (DSS), overwrite (DSS, MP3, PCM), append (DSS, MP3, PCM)  
 Recording time (4 GB memory card): 700 hours (SP), 350 hours (QP), 50 hours (MP3), 27 hours (PCM Voice), 13 hours (PCM Stereo)  
 Sample rate: 44.1 kHz (MP3), 22.05 kHz (PCM), 16 kHz (DSS QP), 12 kHz (DSS SP)

## Sound

Speaker type: built-in round, dynamic speaker  
 Speaker diameter: 28 mm  
 Acoustic frequency response: 300 – 7500 Hz  
 Speaker output power: > 200 mW

## Power

Battery type: Philips Rechargeable Li-ion Battery ACC8100  
 Battery capacity: 1000mAh  
 Battery lifetime: up to 30 hours of recording (DSS mode)  
 Standby time: more than 200 days  
 Charging time (full charge): 3 hours

## Dimensions

Product dimensions: 53×123×15 mm / 2.1×4.8×0.6 inches  
 Weight: 117 g/4.1 oz including battery and memory card

## Foot control

Connectivity: USB plug  
 Product dimensions: 198×54×170 mm/7.8×2.1×6.7 inches  
 Weight: 650 g/23 oz

## Stereo headphones

Style: under chin  
 Acoustic system: open  
 Magnet type: neodymium  
 Diaphragm: PET dome  
 Voice coil: copper  
 Sound quality: optimised for voice playback  
 Impedance: 2 × 32 Ohm  
 Maximum power input: 2 × 10 mW  
 Sensitivity: 103 dB  
 Speaker diameter: 14 mm/0.6 in.  
 Cable connection: one-sided  
 Cable length: 3.0 m/10 ft.  
 Connector: 3.5 mm, right-angled, stereo  
 Connector finish: Gold-plated  
 Product dimensions (W × H × D): 16 × 15 × 1.8 cm/6.3 × 5.9 × 0.7 in.  
 Weight: 53 g/1.9 oz

## System requirements for Philips

### SpeechExec software

Processor: Intel dual core or equivalent AMD processor, 1 GHz or faster processor  
 RAM: 4 GB (64 bit)  
 Hard-disk space: 100 MB for SpeechExec software, 4.5 GB for Microsoft .NET Framework

Operating system: Windows 10 Pro/Enterprise (64 bit)

Graphics: DirectX-compliant graphics card with hardware acceleration recommended  
 Sound: Windows-compatible sound device  
 Browser: Internet Explorer 9 or higher, or the current version of Chrome or Firefox  
 Free USB port  
 Internet connection

## Green specifications

Compliant to 2011/65/EU (RoHS)  
 Lead-free soldered product

## Operation conditions

Temperature: -5° – 45° C/23° – 113° F  
 Humidity: 10 % – 90 %, noncondensing

## Package contents

PocketMemo Voice Recorder DPM6000  
 Foot Control ACC2330  
 Stereo Headphones LFH0334  
 Memory card  
 SpeechExec Basic Transcribe Software (2-year subscription included)  
 SpeechExec Basic Dictate Software (2-year subscription included)  
 Rechargeable battery  
 USB cable  
 Pouch  
 Quick start guide

## Available accessories

Philips Rechargeable Li-ion Battery ACC8100  
 Philips SDHC Memory Card ACC9008  
 Philips Telephone Pickup Microphone LFH9162  
 Philips Meeting Microphone LFH9172  
 Philips Docking Station ACC8120
