SPEED UP SHIFT CHANGES AND CASH COUNTING

Buy a spare 4617T cash tray and save time on both ends of a shift change. Simply lift the whole 4617T out of the cash drawer and slip in the new one, pre-stocked with the desired coins and banknotes to start a new shift. Take the old one to your secure area for easy counting, then prepare it for the next shift and lock it in your safe. Voilà! Shift changes couldn't be more efficient.
