Inkjet now means business

Full business support from a space saving A3 inkjet printer designed and built to support the busiest of offices. A high performance, professional range of machines offering business features with low total cost of ownership. For total office support - think business ink.

Keep printing for longer

With a high paper capacity of 750 sheets as standard, you can spend your time focusing on your business rather than refilling the paper tray. The 100 sheet MP tray allows you to use versatile media options up to 230gsm and supports quick and cost effective A3 and A4 colour.

Business functionality from a space saving inkjet

With a host of business features and functions, the full range offers quick and secure printing directly from your mobile using NFC. Set up fast scan options with the intuitive web connect feature allowing you to scan directly to your favourite office applications. The 6.8cm colour touchscreen features a page gauge function allowing you to keep track of your ink levels for maximum device uptime.

Built to last, built to perform

Your inkjet printer is ready to set-up and use straight from the box and with the optional super high yield inks offering cost-efficient printing you will see the great value of your printer for years to come. For further support, consider letting us take care of your print with a number of Managed Print Service options offering automatic supplies replenishment and break-fix services for total peace of mind.
