

intimus 16.50 S Heavy Duty Shredder Solo version

For decades, the intimus® heavy duty shredders have proven to be centrally positioned pieces of equipment for the privacy-friendly disposal of disused media. The model range offers variations that can handle up to 550 sheets/h or even complete folders in a single operation. The spacious feed table with integrated infeed conveyor belt provides controlled, effortless, safe and fast loading. The shredded material is collected in large-scale, mobile or swing-out containers under the cutting mechanism. The shredder combinations are coupled to a baler for immediate fully automatic compaction of the cut material into compact bales. Reduction effect compared to the loose collection of the cuttings is about 70%.

W/D/H 120 x 195 x 155 cm

- High-performance large document shredder
- 500 mm working width; suitable for all standard computer formats
- Feeding via conveyor belt
- Container is removed from the operator side
- Shredder can be installed next to a wall
- Audible „bin full“ alarm, with simultaneous automatic stop of the shredding process
- Wide EMERGENCY STOP BAR on receiving table for immediate stop in an emergency
- 450 l collecting bin supplied as standard equipment
