JABRA UC VOICE 550 SERIES
CLASSIC AND COMFORTABLE UC HEADSET FOR PROFESSIONAL USE

Jabra®
YOU'RE ON

The Jabra UC VOICE 550 series headset is designed for the office professional that needs exceptional sound quality and reliability for UC voice and multimedia applications. Its padded headband and leatherette ear cushions are designed for comfort on long calls while its crystal clear wideband audio and noise-cancelling microphone deliver outstanding call sound quality.

EASY TO DEPLOY AND OPERATE
The Jabra UC VOICE 550 headset is certified and optimised for use with all major UC platforms, is USB plug-and-play ready and features simple call control through the in-line switch on the cord. All this equals stress-free deployment and fast user uptake.

CRYSTAL CLEAR SOUND
The Jabra UC VOICE 550 headset features crystal clear wideband sound and HD Voice for voice calls and multimedia while the noise-cancelling microphone filters out ambient noise.

FLEXIBLE BOOM-ARM TIP FOR OPTIMAL POSITIONING
The Jabra UC VOICE 550 headset's flexible boom-arm allows you to position the microphone ideally for optimal voice clarity.

DESIGNED FOR COMFORT
The Jabra UC VOICE 550 headset is designed for maximum comfort with soft leatherette padding on the headband and ear cushions.

JABRA UC VOICE 550 SERIES PRODUCT BENEFITS

Crystal Clear Sound
Digital signal processing for clearer sound
Clear sound is essential for a good conversation, not to mention call efficiency and accuracy. Digital signal processing (DSP) in Jabra audio devices will remove background noise and echo as well as protect the user against sudden high peaks in volume. Call handling time and potential misunderstandings are significantly reduced.

HD Voice – Wideband Audio
High-quality audio for crystal clear conversations
Enjoy high-definition sound with HD Voice and get crystal clear, intelligible communication. You get lifetime, vibrant conversations where you can focus on the content and don't have to struggle to understand what the person on the other end of the line is saying.

HiFi Sound
Enjoy flawless sound quality
Immerse yourself in music with hifi sound. Listen to flawless music reproduction across the entire audible frequency range.

Jabra Software Applications
Easy device configuration and softphone integration
Customise and control your audio device settings with Jabra's software applications. You get full integration and remote call control with the latest generation of softphones.

Noise Cancelling Microphone
Reduces unwanted background noise
Noise-cancelling microphones reduce unwanted background noise and are ideal in crowded and noisy, open office environments.

PeakStop™
Safe sound and superior hearing protection
PeakStop™ technology immediately removes potentially harmful loud sounds or tones before they reach your ears and keeps the sound level within the safe range to protect your hearing.

Remote Asset Management
Remote mass deployment and device management
Configure and implement the company's audio devices 100% remotely from one central point. You get the latest features and functionalities in one go with Jabra Xpress, a web-based solution. You can also get a complete overview of all Jabra audio devices installed in the IT network with Jabra Xpress' asset management component.

Remote Call Control
Seamless integration between your phone and headset
Answer and end calls on the Jabra audio device with seamless integration between your phone and headset. The remote call control gives you the power to multitask and be productive. With a Jabra wireless audio device you can control your call even when you are away from your desk.

Talk in Comfort
Be kind to your ears
Ensure total comfort with a wide range of styles that match your individual needs and personal fit requirements. Our light, ergonomically designed frames along with soft ear cushions, adjustable headbands and microphone boom will guarantee that your headset will be comfortable all day long.

UC Plug And Play
Plug and play with all leading UC platforms
Jabra devices feature intuitive call control and seamless connection to all leading UC applications and softphones. They are easy to set up and easy to use, meaning there is no need for installation expertise or extensive training.
