Type, wash,
rinse, repeat.

Today, more than ever, we need to be vigilant about keeping commonly-touched surfaces clean and disinfected. The Pro Fit® Wired Washable Keyboard makes that easier. It's rugged, waterproof design lets you easily spray, wash or rinse the entire 104-key full-size keyboard, safely standing up to immersion and frequent use of spray cleaners - thanks to a thin membrane that protects the internal components, keeping them dry*. Since the keys are laser-etched, they'll stand up to water and solvents while remaining highly readable. A wired USB connection delivers reliable performance without the need for batteries. Works with Windows 10, 8.1, 8, 7 and macOS® 10.6 and later. 3-Year Limited Warranty.

- Rugged, waterproof, washable design resists spills and makes cleaning easy (*Do not immerse the USB connector)
- Can safely stand up to immersion or frequent use of spray cleaners
- Wired, reliable USB connectivity without the need for batteries
- Full-size, 104-key layout with numeric keypad
- Laser-etched keys (Black version only)
- Compatible with Windows 10, 8.1, 8, 7 and macOS® 10.6 and later
- 3-Year Limited Warranty
