Digital Voice Tracer

Voice Tracer

LFH 880

Note taking at its best

The all-in-one tool for business and entertainment on the go! The perfect combination of professional and fun features come together in the Digital Voice Tracer 880. Enhance your everyday lifestyle, whether you're in the office or on the move. The Digital Voice Tracer 880 records your thoughts, ideas and notes, and lets you listen to FM radio and your favourite tunes. Additional features such as the smart alarm clock and the free stereo lapel microphone prepare you for every occasion. Take advantage of the modern way to organize your life.

Fast and simple

- Uncompressed PCM (pulse-code modulation) stereo recording for CD-like audio quality and five high-quality recording modes
- An extra large backlit LCD screen for an at-a-glance overview
- Easy organization of recordings with four folders (99 recordings each)

Advanced

- FM stereo radio allows direct recording from the radio in MP3 format
- File archiving through a USB 2.0 high speed connection
- Voice-activated recording for hands-free note taking
- File split and index mark features

Designed around you

- The hold function prevents unintentional on/off mode switching
- Voice-activated recording allows hands-free note taking
- Features MP3/WMA playback and an alarm clock with voice playback
- Stereo lapel microphone and stereo earphones included

PHILIPS
sense and simplicity

- **SLP mode (.mp3 / mono):** 284 hours

Compression rate / sampling frequency

- **PCM mode:** 1411 kbps / 44.1 kHz
- **SHQ mode:** 128 kbps / 44.1 kHz
- **HQ mode:** 64 kbps / 22 kHz
- **SP mode:** 48 kbps / 16 kHz
- **LP mode:** 32 kbps / 16 kHz
- **SLP mode:** 16 kbps / 16 kHz

Speaker

- Built-in 30 mm round dynamic speaker
- **Output power:** 110 mW

Music playback

- **Compression format:** .mp3, .wma
- **MP3 bit rates:** 8 - 320 kbps
- **WMA bit rates:** 32 - 192 kbps
- No DRM support

Tuner/reception

- **Tuner bands:** FM stereo
- **Frequency range:** 87.5 - 108 MHz
- **Number of preset channels:** 20
- Automatic digital tuning

Power

- **Battery type:** two Philips AAA alkaline batteries (LR03 or R03)
- **Battery life (recording):**
SHQ mode: 30 hours
SLP mode: 50 hours

Dimensions

- **Product dimensions (WxDxH):**
40 x 18.4 x 108 mm / 1.6 x 0.7 x 4.3 in.
- **Weight:** 78 g / 2.8 oz. incl. batteries

System requirements

- Windows Vista/XP/2000, Mac OS X, Linux
- Free USB port

Operating conditions

- **Temperature:** 5° - 45° C / 41° - 113° F
- **Humidity:** 10% - 90%

Green specifications

- Compliant to 2002/95/EC (RoHS)
- Lead-free soldered product

Package contents

- Digital Voice Tracer 880
- USB cable
- Neck strap
- Stereo earphones
- Stereo lapel microphone
- Two AAA batteries
- User manual

Accessories

- Plug In Microphone 9171
- Tie Clip Microphone 9173
- Stereo Headphone 2236
- Microphone Earphone Combination 331

Product highlights

USB 2.0 mass storage device

A useful 2 GB memory gives you the capacity to store and share files via the USB port, making it ideal for personal, portable use.

Slow and fast voice playback

Recordings can be played back at a slower speed to make it easier to take written notes.

Index mark feature

The handy index function lets you mark a particular point in a recording or playback for easy retrieval.

Lightweight and portable design

Small and lightweight, you'll hardly notice it's with you. Pop it in your pocket or bag and take it anywhere. The durable casing and attractive, ergonomic design will make you want to carry it everywhere you go.

Voice-activated recording

When enabled, recording will start automatically when you start speaking. Recordings stop automatically after you stop speaking and restart automatically when you start speaking again. No words are lost

Adjustable microphone sensitivity

The signal-to-noise (S/N) ratio of the high-sensitivity microphone is far better than those of standard microphones. Recording sensitivity is increased (picks up more voice signal) without compromising sound quality.

Free stereo lapel microphone and stereo earphones

A lightweight stereo headset designed for comfort during extended use and an omni-directional stereo lapel microphone accompany your Voice Tracer. The microphone's high pick-up sensitivity provides excellent recording quality while the stereo headset delivers powerful sound.

Alarm clock function

The Digital Voice Tracer can schedule a voice alarm to remind you of important meetings, events or telephone calls.

Extra large backlit LCD

The large graphical display lets you view all important file information at a glance, thanks to the backlit display, even in poor lighting conditions.

USB powered recording

To record long conferences, the Digital Voice Tracer can be powered through a USB port. Connect the USB cable from a computer to the Digital Voice Tracer, and then press and hold the record button on the Voice Tracer until REC is shown on the display. You can now record your conference or meeting without draining the battery.

FM stereo radio

Pre-set up to 20 FM radio stations for music and news on the go!
