

Mercury Shredder REM723 Micro Cut

2102564

Overview

This advanced executive shredder provides sufficient security to shred confidential documents into little micro cut pieces. Cuts A4 into 2188 pieces. It features jam-free technology with continuous sensing, handles 8 sheets at a time and has a handy 23 litre bag capacity taking up to 250 sheets.

Description

Protect your confidential and valuable information from being stolen by shredding any documents that may put your business at risk from identity fraud. The Rexel Mercury REM723 small office shredder is an ideal space saving under desk model and has a DIN S4 security level which means that it shreds paper into unreadable micro cut style particles (sized 1.9 x 15mm) making it ideal for sensitive and confidential data.

Paper jams in a shredder are time consuming, frustrating, messy and can be costly. With the REM723 shredder, paper jams are a thing of the past. Featuring the revolutionary Mercury Jam Free technology, the REM723 has a unique brightly lit indicator, next to the paper entry feeder that warns you whether you are trying to feed too much paper into the shredder in one go. A red light indicates too much paper and the green light means there is no risk of jamming. After removing the excess paper the shredder will continue to shred automatically.

The REM723 is an ultra quiet, general use shredder that can shred up to 8 sheets of 70gsm paper (or 7

sheets of 80gsm). in a continuous single feed as well as an occasional paperclip or staple. Specifically designed for regular shredding, it features a 23 litre large capacity waste bin that holds up to 250 sheets of 70gsm paper. The front opening pull out bin enables simple and mess free emptying and the shredder cuts off automatically when the bin is full. Optional paper recycling waste bags are available. The REM723 goes into power saving mode after 2 minutes of non use which reduces any unnecessary power usage making it an ideal choice for the environmentally friendly office. With a clear, easy to use LED control panel, the stylish REM723 is a great choice for a busy office worker who requires a high security shredder by their desk side.

Weighing 11.3 kg and sized at 413(H) x 269(W) x 471(D)mm, the REM723 comes with the extra peace of mind of a 2 year warranty, an extended warranty on the cutters plus it is compliant with finger safe international standards and is TUV and CE compliant.
