

MFC-7440N Compact Network Ready Mono Multifunction Laser Printer with Fax

With integrated print, fax, copy and scan functions, the MFC-7440N represents outstanding value.

Impressive print speeds of up to 22ppm and a print resolution of HQ1200 dpi will guarantee high quality business documents every time. Its sleek, compact design makes it perfect for professionals and small businesses with limited workspace and the Quick Start Guide will have you up and running in minutes – whether using Windows or Mac operating systems.

Full speed USB 2.0 connectivity means you can hook up with most modern devices including laptops, while the flatbed scanner and 35-page automatic

document feeder make it easy to copy and scan various document types. In addition the 250-sheet tray means you'll spend less time refilling paper.

The MFC-7440N is network-ready and comes with a 32MB memory, so your entire workgroup can benefit from all of its features. Not only do you get a lot of features for your money but your running costs will stay low too. The separate toner and drum means you only have to replace the toner and drum when necessary and using the optional high-yield toner will reduce your costs even further.

To achieve high quality prints every time always use genuine Brother supplies.

- 32MB memory
- 14,400bps G3 fax modem
- 8 one touch dials, 200 speed dials
- ScanSoft® Paperport® 11 SE with OCR for Windows®
- Newsoft® Presto!® PageManager7 for Macintosh®

Colour scan your documents

As a cost effective mono laser machine, the MFC-7440N still allows you to enjoy the benefits of full colour scanning using any one of the following options:

Scan to file: You can save time by scanning documents to a pre-defined location on your computer. You can even save in multiple formats, including jpeg, pdf and gif.

Scan to e-mail: Scan your documents to your default e-mail application to be sent as attached files.

Scan to OCR (Optical Character Recognition): If you need to edit a pre-printed document you can scan and automatically convert it to text, ready to edit in your favourite text editing software e.g. Microsoft® Word.

Scan to image: Scan images directly to your imaging or photo application, ready for you to save, edit or print.

Scan to FTP: This feature saves you time and effort by being able to scan your documents and images directly to an FTP server (network only).

Further software features

The MFC-7440N also comes with a range of comprehensive software features, including the ability to reduce or enlarge your single or multiple page documents.

Poster printing: Where the need arises poster printing enables you to enlarge a single A4 page into a poster using 4, 9, 16 or 25 pages.

N in 1: This allows you to reduce 2, 4, 9, 16 or 25 A4 pages into a single A4 page.

Advanced copy features

In addition to the above, you can also benefit from these advanced copy features.

Reduction/enlargement: Reduce or enlarge your copied documents easily from 25% to 400%, using 1% increments.

Stack and sort: If you need to make several copies of a multi-page document, then the stack and sort feature can automatically collate the pages into the correct order, so you don't have to waste time doing it by hand.

Fax features

The MFC-7440N comes with a range of features to make faxing easy.

Speed dials: For convenience, you can store up to 200 speed dials using the numerical keypad.

One touch dialling: 8 of your most frequently used fax numbers can be saved and accessed with the touch of a button.

PC-Fax: PC-Fax enables you to scan documents to your computer to send as a fax message, thus eliminating the need to print out documents to fax. And the PC-Fax address book will help you to configure, add, amend or delete contacts from your address book.

Experience the benefits of full network connectivity

With full network connectivity you can enhance your all-in-one MFC-7440N into a workgroup machine. Designed to integrate with most networks and supporting industry standard speed and protocols, the machine's available features can be easily accessed by your company workgroup.

Brother provides a number of tools to help you manage your network-connected products such as Web Based Management and BRAdmin Professional.
