

Longer Lasting Labels

Brother's unique, patented, laminated TZ tapes are designed to be extra hard wearing. Tests have shown that these scratch-proof labels can withstand heavy abrasion, electrical resistance and lengthy exposure to chemicals, sunlight, water and extreme temperatures from -50°C to 300°C. Brother laminated tapes consist of six layers of materials, resulting in a thin, extremely strong label. Characters formed with thermal transfer ink are actually printed onto the underside of the laminate. Sandwiched between two layers of PET (polyester film) this lets you create characters that are virtually indestructible.

Brother Laminate Tape Construction

LAMINATED BROTHER TAPES WITH PATENTED BROTHER UNDER-TAPE PRINTING

Tape Options

- Options include standard laminated tape including fluorescent and transparent options. Specialist tapes include Non-laminated, Matt, Strong Adhesive, Security Tape, and Flexi ID. All are available in varying widths, character and tape colour options.
- Tape widths of 6, 9, 12mm and 18mm
- Standard tape length of 8m*

*Providing approximately 100 labels. (based on 10 characters & standard label length 8cm)

Technical Information

Hardware

Housing Dimensions	149 (W) x 52 (D) x 122.5 (H) mm
Housing Design	Compact handheld or desk top machine
Housing Weight	580 g (w/ rechargeable battery)
Housing Color	Blue & Silver
Keyboard	Compact Qwertz/Qwertz/Azerty
Cutter	Auto cutter
Power	Ni-MH battery BA-18R AC-Adapter (Model-H/H1)
LCD	15 chr x 2 line with font & label graphic preview
Max. Print Height	15.8 mm
Max. Character Height	14.7 mm
Tape Type	TZ - 6,9,12,18mm
Print Method	Thermal Transfer
Print Resolution	180 dpi
Print Speed	10 mm / sec
Included Items	User's guide Quick setup guide TZ-241 (blk/wht 18mm x 8 m) Ni-MH battery BA-18R CD-ROM USB cable Recharging Desktop Stand AC-Adapter (Model-H/H1)
Interface	USB 1.1

Firmware

Built in Fonts	4 (Helsinki, Brussels, Florida, Belgium)
CHR Size (Pts)	From up to 7 point sizes (S, M, L - auto-selection from 6, 9, 12, 18, 24, 36, 42)
CHR Widths	4 (Normal, Narrow, Wide, 2/3)
Type Styles	8 Style1 (Normal, Bold, Outline, Shadow) Style2 (Normal, Italic) plus framing, vertical, mirror and underlining
No. of Lines	Up to 5
Framing	Yes
Auto Format	Yes
Memory	MAX 459 characters (9 files)

Includes built in re-chargeable battery complete with re-charging stand and AC adapter

Always at your side

18R Package Includes:

- Desk-top charger
- CD ROM – Label Design Software
- Black on white 8m x 18mm TZ tape (TZ 241)
- Adapter
- Ni MH re-chargeable battery
- USB Cable
- User manual & quick set up guide

Preview Screen enables you to see everything clearly before you print

USB port for easy connection to all the extra labelling features available on your PC or laptop.

QWERTY keyboard so everyone's familiar with the key positions

Battery re-charger means the machine is always ready whenever you want labels

Intelligent cutting system to keep tape waste to a minimum

The P-touch 18R from Brother is just what the busy office needs. It's a fully rechargeable, portable labelling machine that can be used alone or connected to a PC.

If you and your colleagues need a constant supply of quality permanent labels, then here is the solution you have been looking for. The Brother P-touch 18R is our first portable office labelling machine to sit in its own battery re-charging stand, so it's ready to use whenever you need to create labels and it can easily be utilised around the office.

The 18R comes complete with an advanced range of features to make labelling simple.

Enhanced performance from simple to use software

With the facility of PC connectability, labels can be created and edited using Brother's superior label editing software, P-touch Editor Ver. 4 and P-touch Quick Editor Ver. 2. Installation of this software supplied with the machine is both quick and easy, and will allow you to create professional customised labels with ease. The P-touch 18R will enable you to create labels for any of the following:

Always at your side

- Files & Folders
- Badges
- Computer Equipment
- Warehouse
- Retail Services
- Asset Management

Printing that puts you in control

- A large printing area on 18mm TZ tape makes every label easy to read, and printing up to 5 lines means you can include as much detail as you like
- When connected to your computer, you can access all of the fonts installed on your PC, or choose from four different font styles stored on the machine when used in stand alone mode
- Choose up to 8 different type style combinations plus framing, vertical, mirror and underlining when used in stand alone mode.
- Create labels with barcodes, frames, images, logos and much more

Long lasting labels that always look professional

If you label something you want the label to look professional and to last. Brother's TZ labels are specifically designed to be hardwearing

- Laminated TZ tapes are ideal for use both inside and outside in all weather conditions. They are able to withstand temperatures from -50°C to 300°C, this means the laminated labels are resistant to freezing conditions and direct sunlight so they won't fade.
- TZ tapes are available in a large range of colours

Within the TZ laminated tape range we also offer special tapes, including:

- **Strong Adhesive Tape** - to give improved adhesion for those even more demanding applications and environments. In tests, this tape has shown improved performance on materials including: stainless steel, glass, PVC, acrylic, polypropylene and polyester-coated wood.
- **Flexi ID tape** - ideal for cylindrical surfaces.
- **Silver Metallic Tape** - reflective aluminium effect, ideal for use on valuables.
- **Security Tape** - Designed to leave a checkerboard pattern, to indicate that the label has been peeled off.
