

# ▶ Polycom® SoundPoint® Pro SE-225

Corporate-quality conferencing  
from your desktop

SoundPoint Pro SE-225 seamlessly integrates handset and headset telephone functionality with crystal clear, hands-free voice conferencing in an elegant personal business phone.

With the touch of a button, SoundPoint Pro lets you hold clear, multipoint conference calls with up to two additional participants. Polycom's Acoustic Clarity Technology enables callers to speak when they want, without the clipped sentences and one-way conversations that are common with ordinary business speakerphones. The SoundPoint Pro has versatile features like a front-facing microphone for individual use and a rear microphone for dual-mic, 360-degree coverage in group conferencing situations. Plus, you can connect an optional headset for high-quality, hands-free applications.

In a home or corporate office, speak naturally without wires and get more done efficiently and productively with SoundPoint Pro SE-225.

### **Make Great Things Happen with SoundPoint Pro SE-225**

In today's Internet driven world, the ability to conduct real time communication and collaboration has become critical to an organisation's survival. As the market leader in voice, video, data and web solutions, our award-winning conference technology makes it easy for people to interact and maximise productivity, over any network, in just about any environment, anywhere around the globe. That's why more organisations worldwide use and prefer Polycom conferencing solutions. Because when people work together, great things happen. See how you, too, can achieve great things with Polycom SoundPoint Pro SE-225.

- ▶ Acoustic Clarity Technology – Allows simultaneous natural conversation – the industry's best full duplex
- ▶ 360-degree room coverage – Two microphones provide 360-degree room coverage for offices
- ▶ All-in-one conferencing – Easily switch between speakerphone, headset, and handset modes
- ▶ Based on proven technology – Utilises the same industry-leading conferencing technology that has made Polycom SoundStation® conference phones the top choice of corporations worldwide
- ▶ Easy-to-install and use – Plugs directly into power outlet and standard analogue telephone jack
- ▶ Full-featured 2 line business phone
