

# Nobo X28 DLP® Digital Projector

Present with confidence

A professional digital projector for large meeting and conference rooms

## Detailed description

- High quality XGA (1024x768) resolution fills even the largest screen with detailed text and graphics.
- Ultra bright 2800 ANSI lumens lamp and a 3000:1 contrast ratio provides sparkling image quality even in non-darkened rooms.
- DLP® projection technology
- Delivered with a 3 year warranty (1 year for the lamp) for peace of mind.
- Whisper quiet in use (28 dB) - allows you to present with confidence and your audience to hear you clearly.
- Can be mounted to the ceiling or placed on the desk.
- 2 VGA inputs allows two users to be connected at the same time ensuring a smooth switch-over from one presenter to the next
- Security bar theft protection and Kensington lock port to prevent unauthorised removal
- Mac/PC compatible

## Give your presentations a little sparkle!

These days, audiences expect engaging, dynamic presentations, in order to bring ideas to life. What better way to do that, than projecting your ideas using the latest Nobo X28 digital projector?

In addition to incorporating the latest digital technology ensuring precise digital picture quality, it is remarkably simple to use, compact, light, easily portable and highly reliable.

Just as importantly, the Nobo X28 digital projector is quiet and unobtrusive – allowing both the presenter and audience to convey or digest information with no distractions.

The Nobo X28 includes a 3 year warranty, cables, lens cap, user guide, batteries and carry bag.
