

Expression Home XP-245

DATASHEET

Save space, money and time with this Epson small-in-one, featuring individual inks and mobile printing

Compromise can be a thing of the past; the XP-245 produces high-quality prints whilst also offering great value. As part of the small-in-one range, it provides a printer, scanner and copier, all neatly packaged in a stylish and compact unit. It uses individual inks, so you're sure to make a saving as only the colour used needs replacing. Printing on the go is also made easy with Epson Connect.

Efficient & affordable

Utilising Epson's Claria Home Inks, this small-in-one is ideal for producing crisp, clear text documents and glossy, lab-quality photos. Get more for your money too with individual inks, as only only the colour used needs to be replaced.

Mobile printing

Whether using a smartphone or tablet, the iPrint app¹ can be downloaded to a range of devices for truly wireless printing and scanning. The possibilities don't end there; with Epson Email Print¹ it is possible to print from almost anywhere in the world¹ by simply emailing documents and photos directly to the printer. For creative-minded people, the Creative Print¹ app can print photos directly from Facebook, create custom greeting cards and stationery, and even turn photos into colouring book templates.

Flexible

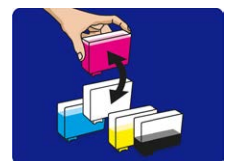

Multiple users can easily print and scan wirelessly from around the home.

Space saving

Stylish and compact - the XP-245's small and lightweight design means it doesn't take up much valuable desk space.
