Expression Home XP-342

Save space, money and time with this Epson small-in-one, featuring individual inks, mobile printing and colour LCD screen.

Printing can be both cost-effective and high-quality; our XP-342 is the proof. It uses individual inks so only the colour used needs to be replaced, offering great savings. As part of the small-in-one range, it compactly packs in lots of features and it's stylish too.
You're sure to find using this printer a liberating experience as there's a range of mobile printing options with Epson Connect.

Efficient & affordable

Here's an impressive all rounder you can rely on. With Epson's Claria Home Inks, this small-in-one is ideal for producing both crisp, clear text, and glossy, lab-quality photos. It's also really economical as it uses individual ink cartridges, so you only have to replace the used colour, saving on costs.

Mobile printing

Whether using a smartphone or tablet, the iPrint app[1] can be downloaded to a range of devices for truly wireless printing and scanning. The possibilities don't end there; with Epson Email Print[1] it is possible to print from almost anywhere in the world[1] by simply emailing documents and photos directly to the printer. For creative-minded people, the Creative Print[1] app can print photos directly from Facebook, create custom greeting cards and stationery, and even turn photos into colouring book templates. For added versatility, Wi-Fi Direct allows easy printing from compatible wireless devices without the need for a network connection.
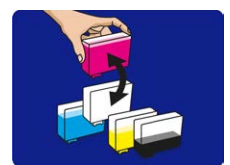

PC-free printing

Simply slot in a memory card and use the 3.7cm colour LCD screen and helpful menu prompts to print your photos without a PC.

Space saving

Stylish and compact - the XP-342's small and lightweight design means it doesn't take up much valuable desk space.
