

Expression Home XP-442

Save space, money and time with this Epson small-in-one, featuring individual inks, mobile printing and a large colour LCD screen.

If you're looking for a high-quality, cost-effective printer for the home, our XP-442 small-in-one is sure to tick all the boxes. Smart savings can be made with this printer, as you only ever replace the colour used. What's more, it gives you plenty of choice as Epson Connect has lots of mobile printing options. You don't even need a PC to print photos; just insert a memory card into the slot.

Efficient & affordable

Be smart with your money and choose a printer that will continue to deliver great value. The XP-442 uses individual inks, so you only replace the colour used, saving on costs. There's no compromise either; it's designed to produce crisp, clear text and glossy, lab-quality photos.

Mobile printing

Whether using a smartphone or tablet, the iPrint app¹ can be downloaded to a range of devices for truly wireless printing and scanning. The possibilities don't end there; with Epson Email Print¹ it is possible to print from almost anywhere in the world¹ by simply emailing documents and photos directly to the printer. For creative-minded people, the Creative Print¹ app can print photos directly from Facebook, create custom greeting cards and stationery, and even turn photos into colouring book templates. For added versatility, Wi-Fi Direct allows easy printing from compatible wireless devices without the need for a network connection.

PC-free printing

Simply slot in a memory card and use the large 6.8cm colour LCD screen and helpful menu prompts to print your photos without a PC.

Space saving

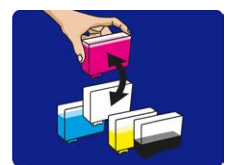

Stylish and compact - the XP-442's small and lightweight design means it doesn't take up much valuable desk space.

DATASHEET

KEY FEATURES
